

Index des mots-clés

En complément de l'Index des Noms de lieux (consultable en fin de l'ouvrage papier), et de celui des Noms de personnes (téléchargeable depuis le site PHC), voici l'Index des mots-clés, qui permet à chaque lecteur de localiser les pages concernant ses centres d'intérêts personnels (patois usuel, métiers, termes du bâti, nourriture, production des granges, etc.). Notons que les mots trop fréquents (abbaye, abbé, prieur, etc.) ne sont pas mentionnés.
